#SAVEHOSPITALITYCA

A \$90 billion industry, restaurants are Canada's 4th largest employer, representing 1.3 million Jobs, or 7% of Canada's total workforce. With the vast majority of restaurants across the country closed, and with no clear path to reopening, many restaurants will be left without the capital needed to resume operations when conditions permit.

The advocacy group **SaveHospitalityCA** is made up of over 1000 like-minded stakeholders across the industry. Together, they have created a detailed proposal for government support.

To view the details of their recovery proposal, and add your name to the growing list of supporters, visit [SaveHospitality.ca](https://www.savehospitality.ca) and follow the group on Instagram at [@savehospitality.ca](https://www.instagram.com/savehospitality.ca).

Decanter Cave Spring Cellars

"There's probably no better estate than this in all of Canada, given its long track record for excellence, the large number of wines made and its willingness to innovate. The CSV is a benchmark Canadian Riesling, which embodies the richer, riper but very mineral, peachy style typical of the Beamsville Bench." — Ian D'Agata

A Note on Natural Wines

Many of our clients are interested in exploring Natural (Non-Interventionalist) Wines. While there is no formal definition or international standard, Natural wines are generally considered to be sustainably grown (typically using Organic and/or Biodynamic practices), with minimal intervention in the cellar, no additives, and minimal or no added sulphur. Making wines without a safety net takes highly skilled vineyard management and winemaking expertise. There is vigorous discussion in the trade regarding the difference between 'flawed' or 'characterful, individualistic' wines. At their best, Non-Interventionalist wines will provide some of the greatest pleasure in the world: of wine. But be aware, diving in can mean kissing more frogs than princes in your quest for winous enlightenment. Like in all fine wine, it is important to know the winemaker. The Vine has been proud to represent many Organic, Biodynamic & Natural winemakers for almost 20 years – long before there was a Natural Wine 'movement'. And while we try not to be dogmatic about it, this is the foundation of our portfolio.

Ian D'Agata, Vinous.com on Rosato...

"Italy, long viewed as mostly a treasure trove of red wines, in fact loves to drink pink. Some wine lovers might simplistically think that one pink wine fits all. Not so, or at least not in Italy, where you can choose, in increasing depth of hue, between Chiaretto, Rosato and Cerasuolo. Of these, Chiaretto most reflects the style of Rosé that is currently the rage all over the world, a wine so pale pink in color that it is almost transparent. Rosato is the name of the Italian Rosés that are most like the pink or blush wines that most people think of as Rosé; they are characterized by darker colors and more flesh than Chiarettos."

The Vine is the exclusive Ontario agent for the wineries we represent, whether they appear in LCBO stores, Vintages, or via the LCBO 'Consignment Program' for Direct Delivery to our clients. According to LCBO regulation, The Vine does not sell beverage alcohol, but acts as a facilitator in arranging for the purchase and delivery of wine from the LCBO. Prices shown below are per bottle, and include LCBO markups & fees, Federal & Provincial taxes, and our agency fee. All the wines are sold in cases of 12 bottles, unless noted otherwise. Unfortunately, mixed cases are not possible due to LCBO regulations. We quote prices per bottle, including HST / excluding Refundable Bottle Deposit. Delivery charges may apply. LCBO 'sale price' is available upon request. E&OE.
