"There's probably no better estate than this in all of Canada, given its long track record for excellence, the large number of wines made and its willingness to innovate. The CSV is a benchmark Canadian Riesling, which embodies the richer, riper but very mineral, peachy style typical of the Beamsville Bench." — Ian D'Agata

### A Note on Natural Wines

Many of our clients are interested in exploring Natural (Non-Interventionist) Wines. While there is no formal definition or international standard, Natural wines are generally considered to be sustainably grown (typically using Organic and/or Biodynamic practices), with minimal intervention in the cellar, no additives, and minimal or no added sulphur. Making wines without a safety net takes highly skilled vineyard management and winemaking expertise. There is vigorous discussion in the trade regarding the difference between 'flawed' or 'characterful, individualistic' wines. At their best, Non-Interventionist wines will provide some of the greatest pleasure in the world of wine. But be aware, diving in can mean kissing more frogs than princes in your quest for vinous enlightenment. Like in all fine wine, it is important to know the winemaker. The Vine has been proud to represent many Organic, Biodynamic & Natural winemakers for almost 20 years – long before there was a Natural Wine 'movement'. And while we try not to be dogmatic about it, this is the foundation of our portfolio.
